

Smoking Poster Design (Key Stage 3)

Suggested duration: 50 to 60 minutes

What to do?

Your task is to create a bright and bold poster design that will help to stop young people your age (11-16) from starting smoking.

1) Let's get creative!

- First, think of a title for your poster, something that will grab people's attention. Be imaginative and think of what would grab your attention.
- Then, decide what the poster should include and how you are going to present your message. You can use the Chimney Kid website to help you decide. For example, Smoking is bad for your health? The cost of smoking? Environmental issues caused by smoking? *Top tip: there are lots of facts you can use on the website under the 'Diary' section!*
- Next up, it's time to get creative! Whether you're designing your poster on a computer or by hand, try and make it bright and eye catching. You can add any images or colours that you think will work well for your message. *Top Tip: think of the things you like to see and what catches your eye. After all, your poster is aimed at other people your age!*

2) Share your design!

- Once you have completed your poster, get into pairs and show each other your poster designs. Talk about what you think would work well for each poster. Ask each other questions about the designs and the decisions you have made and see if you can find ways to make them even better!
- If you're working on your own, show your poster to a teacher or parent and discuss your design with them.

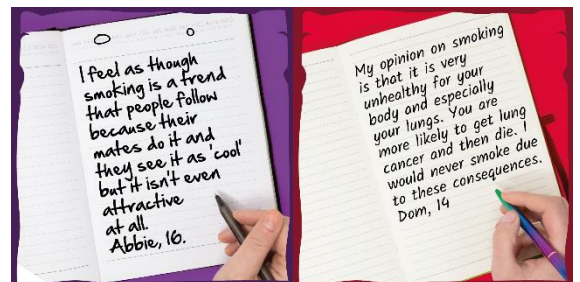

Well done on completing your poster design!

How did you do and what have you learned during this session?:

Diary entries:

If you would like to send in your own smoking diary entry, either submit yours through our website (under the 'your diary' tab) or download a printable copy, fill it out and send it to us via social media or through the email here: diaryofachimneykid@gmail.com

Further information:

Diary of a Chimney Kid is a resource that offers lots of information, facts, and advice on smoking. We share stories from real people in Hull to show how smoking affects all aspects of people's lives, whether they smoke themselves or not.

Use www.chimneykid.co.uk or follow us by searching 'Diary of a Chimney Kid' on Instagram & YouTube.

If you or a friend needs help to quit smoking, you can access the children and young people's support service 'Refresh' anonymously via the details below.

Or access the 'Quitting' section on the Chimney Kid website for further information.
